AUGUST-2021

Kaveri Heights

We are pleased to announce that our company **Sanderson Group** has completed yet another landmark project in the city of Mumbai for our Client's prestigious building " **Kaveri Heights**" wherein we were given an opportunity to manufacture and install a stunning facade in *GFRC* with *Fluted Columns of 15 meters high* and enhancing the *Podium with stunning 4.5 meters by 2.5 meter Arches*, inclusive of *Decorative Panels & Jalis* with ornately designed *Scrolls* complementing the windows.

Our **Clients** being one of the top-notch **developers** the **stakes** for the quality also were very high and **STC** executed all designs as per the architectural vision of our client wherein each element was meticulously carved and shaped to meet the requirements of the clients.
